We Survived The H1N1: What About The *Next* Pandemic?

Public Health
Prevent. Promote. Protect.

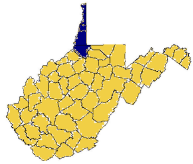

*All hazards approach to
Pandemic Flu and other
Public Health Emergencies.*

April 29th, 2011

At Oglebay

Glessner Auditorium

*Funded By: CDC Public Health
Emergency Response (H1N1)
Cooperative Agreement CFDA 93.069*

The Health Departments of the Northern Panhandle invite you to attend — “We Survived the H1N1: What About The Next Pandemic?”

This forum will provide community partners and leaders with and opportunity to discuss what effects a pandemic has upon their communities and develop strategies for improved response to future disasters.

By the end of the presentations participants will be able to:

- Identify the impact a pandemic has upon communities.
- Identify the gaps and strengths of H1N1 response efforts in the community.
- Take part in interactive discussions of what worked and what needs improved from H1N1 response in the Northern Panhandle.
- Educate participants about emerging public health threats and trends and plan strategies to better prepare their businesses and agencies for all disasters.

Key Topics

- Community Response to H1N1
- Local Partnership Communication
- Barriers and Challenges Presented
- Emerging Threats and Trends
- Continuity of Operations Planning
