Weirton Water Customer Notice

Date: February 18, 2025

The Weirton Area Water Board (the "**Board**") provides the following update relating to the City of Weirton water issues:

The Board wishes to advise that the mandatory conservation order must unfortunately continue for another 10 days until February 28th, 2025. It is our hope that water tank storage levels will be re-established, allowing for the discontinuation of the mandatory conservation order by this date.

We appreciate your patience and cooperation during this time. Further updates will be provided as necessary.
